INTRODUCTION

1.1 Title

Sphinx is an amazing thing! Here is the code.. This is an [inline link](#). See the figure from the reference here *Figure text*. See this table too: *Table Title*. You can see that **this is bold text** while *this is italic* and this is verbatim, ergo the highlighted text. This is from the citation *[CITATION]*.

```
1 #include <stdint.h>
2 myFunction (void)
3 {
4     int x;
5 }
```
